

Model name	FFR v1.0
Type	Neural Model Translation
Embedding dimension	512
Training batch size	100
Encoder-Decoder depth (cells units)	128
Attention dimension	30
Attention's type	Attention proposed by Bahdanau et al
Encoder	GRU (Gated Recurrent Unit)
Decoder	GRU (Gated Recurrent Unit)
Epochs (for primary evaluation)	50
Learning rate	0.001
Optimizer	Adam
Fon vocabulary size	12136
French vocabulary size	19262
Training dataset size	90% of the whole dataset (48577 sentences)
Testing dataset size	10% of the whole dataset (5398 sentences)
Overall BLEU Score on the Test Dataset	30.55
Overall GLEU Score on the Test Dataset	18.18
